Travis Couture-Lovelady
Representative, 110th District

Chairman Proehl, Vice-Chairman Ryckman Sr, and members of the House Transportation Committee,

Thank you for your consideration of HB 2044. I helped draft HB 2044 at the urging of constituents that wish to sell and own autocycles in the state of Kansas.

These vehicles are not necessarily cars and aren't necessarily motorcycles, therefore the American Association of Motor Vehicle Administrators has recommended that a new classification be created in the states, the autocycle. While a motorcycle has handlebars and requires you to straddle or sit aside, the autocycle has a steering wheel and the operator sits in a seat. Motorcycle driving tests are simply not applicable to the autocycle.

If this change is not made anyone wishing to drive an autocycle in Kansas would have to have a motorcycle license, including those from out of state wishing to cross into Kansas. This could create situations where motorists from other states with the autocycle classification do not have a motorcycle license and immediately break Kansas law when they drive across the state line.

When drafting this legislation the example used was that of Elio Motors, an Arizona company that plans to start manufacturing these autocycles in their plant in Shreveport, LA in 2016. www.eliomotors.com. Pictures and specifications are attached to my testimony from their website.

Other proponents of this bill would like to remove the word "enclosed" from the definition to include other brands of vehicles. I have no problem with that and would consider it a friendly amendment.

Thank you for your time and I will stand for questions.

A handwritten signature in black ink, appearing to read 'Travis'.

Travis

elio motors

Designed, built and engineered for
4500 lbs (empty) (Gas 7000 lbs)
100+ Safety Features

Say hello to Elio.

Technical Features Include:

Elio Safety Management System that includes three airbags,
reinforced steel frame and Anti-Lock Braking System
Fuel-injected, SOHC gas-powered, 3 cyl., .9 liter, liquid-cooled,
automotive engine
Front Engine / Front-Wheel Drive
8-Gallon Tank / 84 MPG (Highway)
Standard 5-speed manual or available automatic transmission
Parking brake
Top speed over 100 MPH
0-60 speed in 9.6 seconds
55 HP and 55 LB-FT of torque

Interior measurements, seats 2 in tandem:

Headroom: Driver 39.8" Passenger 36.4"
Seat width: Driver 20.6" Passenger 25.3"
Interior Shoulder Width: 26.8"
Front seat Legroom: 42.7"
Rear seat Legroom: 33.1"
Trunk Size: 27" x 14" x 10"

Exterior measurements:

Overall Length: 160.5"
Front Wheel Track: 66.8" (center rim to center rim)
Wheelbase: 110" (center of front wheels to center of rear wheel)
Overall Height: 54.2"
Ground Clearance: 5.75"

Standard Convenience Features include:

Air Conditioning / Heater
AM/FM stereo radio
Power windows
Power door lock
3 yr / 36,000 mile warranty
Service and Warranty provided by Pep Boys "Official Service Center"
*Plus hundreds of options like leather seating, stereo upgrades,
cruise control etc.*

Colors:

Rocket Silver, Sour Apple, Creamsicle, Red Hot, True Blue,
Licorice and Marshmallow.
