STATE OF KANSAS

HOUSE OF
REPRESENTATIVES

TOPEKA

COMMITTEE ASSIGNMENTS
CHAIR: GENERAL GOVERNMENT BUDGET
MEMBER: APPROPRIATIONS
AGRICULTURE & NATURAL
RESOURCES

Dear House Transportation Committee:
I am in complete support of Senate Bill 43 that would rename K-8 as the "Home On the Range" Highway.

The state of Kansas truly has one of the world's most iconic songs as one of its treasures. The song, "Home On the Range," our state song, is widely known throughout the world. However, some are unaware that the song was created in a log cabin located in Smith County in North Central Kansas.
The location of the "Home On the Range" cabin is located on K-8 and held its re-dedication this past October. When one visits this historical cabin site, they can visualize what Dr. Brewster Higley transcribed into verses from the scenic landscape of the state of Kansas.
Again, I support Senate Bill 43 and would encourage the House Transportation Committee's support as well in naming K-8 as the "Home On the Range" Highway.

With regards,

Troy L. Waymaster
State Representative
Kansas House District 109
