

Jennifer Nauertc
397 Oxen Rd.
Leroy, Ks. 88867

Dear Jennifer,

Please accept this letter showing support of the option for Kansans to choose a license plate that recognizes Alzheimer's disease.

Kansas has recognized various aspects of our state in our license tags for vehicles. Alzheimer's has had an impact on many families and friends. If given the opportunity, Kansans would embrace the choice to support the battle against this disease.

Thank you for your efforts to promote recognition and research for Alzheimer's.
