Hi Jennifer - I wanted to write to tell you how sorry I am to hear about your dad. I am a 1974 graduate of Osawatomie High School and currently work in the central office as Office Manager and Board Clerk. I remember that you also had a brother, Jeff. I was friends with Cathy Vossler and I think your parents were friends with her mother, Teresa Vossler.

I would support the license plate through the state. My mother passed away in 2000 from Alzheimer's. I know there are new drugs out since my mom passed but still need aggressive research in the area of Alzheimer's. My family felt so helpless in dealing with the disease and getting support.

I really feel for you and know how difficult it is to watch a loved one deteriorate.

FYI - I was Nancy Powell before marrying. I had 5 brothers and 3 sisters who graduated Osawatomie. I had two brothers who were in school here when your dad was here. I'm not sure what year your dad started but one graduated in 1967 and one in 1972. Both played football while here. The 1973 State football team was my graduating year.

Take care and know I'm thinking of you...
