

To Whom It May Concern,

I would like to lend my support to the bill that proposes a close to the tax loop in Kansas I am a strong proponent of this bill. It is time we take Kansas away from the brink of bankruptcy and do it in a fair and reasonable way. The closing of programs, infrastructure and borrowing from funds the state has no right to do is not only unfair but shameful. The tax structure of recent times has not worked from the beginning. It is your responsibility to FIX IT.

I plead with you to pass the bill to do just that. Thank you.

Millie Sampson

Lenexa, Kansas
