From: Todd Welsh

I, Todd Welsh, am a licensed general contractor in Salina, Kansas. As a new home builder, I truly support HB 2254 allowing general contractors to be exempt if they meet the conditions set forth in the amended bill.

Furthermore, I support that roofing contractors who engage in the business of commercial or residential roofing services for a fee, shall be licensed with the State and all records be in good standing.

This will be one more step to protect the consumer from unlicensed roofers performing subpar services.

Thank you for your consideration. If you have any questions on this issue, please feel free to contact me.
