Re: **SB192**

Chairman and Members of the Committee,

Thank you for allowing us to submit testimony on **Senate Bill 192**. The Sumner County Economic Development Commission would like to present our concern regarding this bill.

- Our concern with **SB192** is that it changes what was enacted in **Senate Bill 66**, which set forth the formulas for calculating distribution of revenue from the slots at the casinos and racetracks. We have consistently supported Senate Bill 66 and the formulas set forth at that time and we wish to reiterate our support for the formulas for revenue distribution as they are currently structured. Should a racetrack open at some time in the future in our gaming zone, we would like to see the formulas remain as intended in Senate Bill 66.

Thank you for your time and consideration of this issue. We hope our testimony has been helpful to you in understanding our concerns regarding this bill.
