## Oral Proponent Testimony

### SB 462

Senator Rob Olson – Kansas Senate 23<sup>rd</sup> District

March 3, 2016

Kansas Senate Federal and State Affairs Committee

I would like to stand in support of SB 462.

LeETTA Felter is a constituent and my personal local school board member. She and her family are heavily vested not only in local education, but also the local business economy. She has a real problem that any or all of us may well face if we do not deal with it.

I must confess that before now I had not given the presence of drones much thought. But when I see the aggravation and absolute violation of her family's privacy, I am convinced it is time to address this issue.

My reason for sponsoring this bill is to support the urgent need of a particular constituent. But my reason for following through to see to it that Kansas public policy addresses this issue, is because it is the right thing to do. This is why I am appealing to you today to support SB 462.

Rob Olson
