Written Neutral Testimony on SB 454

February 17, 2016

Nancy Dixon
Judicial Administrator

Mr. Chairman and committee members, thank you for the opportunity to provide written testimony regarding SB 454. The bill would amend, repeal, or revive statutes that relate to the determination of docket fees and the entities receiving that money. Therefore the bill has a great deal to do with the operation of the judicial branch.

It is apparent the measure would make significant changes in the law, but the ramifications of the proposed changes are as yet unknown. The Office of Judicial Administration believes such major changes deserve careful study and consideration. I therefore encourage this committee to refer the bill for further study and review.

Thank you again for the opportunity to provide input.
