Re: Proponent Testimony on SB344

Chairman Pilcher-Cook and members of the Committee, my name is Roger Holmes. I am a fourth generation Kansan and Vice Chair of the Kansas Board of Cosmetology. I am appointed by the Governor to serve on the Board as the owner of a licensed tanning facility.

The Kansas Board of Cosmetology (KBOC) currently regulates the following professions:

- Cosmetology
- Nail Technology
- Esthetics
- Electrology
- Tattooing
- Body Piercing
- Tanning Facilities

I am here today to testify that it is my wish and the Board's wish to change the name of the Board to the "Kansas Board of Beauty and Body Professions." We feel that this name better describes the agency's role and responsibilities to the great state of Kansas.

Thank you for the opportunity to appear today.
