The Honorable Jeff Melcher
U.S. Senate

Dear Senator Melcher:

I am writing to you in support of Senate Bill No. 5 designating a portion of U.S. 69 as The 2nd Lieutenant Justin L. Sisson Memorial Highway. I have had the honor and privilege of knowing Justin and his family since 2000. Justin was born leader, smart, compassionate, goal oriented and athletic. He was very passionate about the military and his service to his country. Both of his grandfathers served in the military and he was following in their footsteps. He exemplified honor throughout his service and gave his life in the ultimate sacrifice for his country. Heaven gained a true hero. At Justin's request, he was brought back to his home state of Kansas to be laid to rest with his grandfathers and brothers in arms. It is important that our state honor his sacrifice in service for all of us by passing Senate Bill No. 5. I hope that his honorable service will serve as an inspiration to others. . "We are a land of the free, because of the brave".

I appreciate your time and work to help with the passage of this important bill.

Sincerely,

Robin Sumple
