

February 24, 2015

Chairmen Peterson and Committee Members;

My name is Tom Holland and I am the State Senator for the Third District which includes portions of Douglas and Leavenworth counties.

Current law provides veteran recognition of service with eight distinctive military vehicle license plates. SB 173 is legislation intended to recognize those service men and women who served our country during recent conflicts, Operation Desert Storm, Operation Iraqi Freedom, Operation Enduring Freedom and the Korean War.

This issue was brought to my attention by a constituent. I ask for your support of SB 173 as those veterans who served in the above listed conflicts should also be appropriately recognized for their sacrifices serving our state and country.

Sincerely,

Tom Holland
State Senator – Third District
