Antique² – *previously issued*

Personalized Antique*

Special Antique³

Special Interest^{4*}

Street Rod^{5*}

1. Vehicle must be at least 35 model years old or older, and not be altered or modified from the original manufacturer's model, except for safety components.
2. These antique plates are still valid if displayed on the vehicle to which they were originally issued. Kansas no longer issues the blue and yellow plates.
3. Kansas antique vehicle owners are allowed to display a Kansas issued license plate that corresponds to the vehicle year of the antique, providing the vehicle and license plate are at least thirty-five years old. Example: *1956 Ford with Kansas License plate initially issued in 1956 will have a "56" on the plate. The plate used must not be altered or defaced and must be as originally issued by the State of Kansas.*
4. Motor vehicle more than 20 years of age and which has not been altered or modified from the original manufacturer's specifications except to assure normal running operation or to meet specific safety inspection requirements on original equipment, or both.
5. Manufactured in 1949 or before that has been altered or modified. The main component of a street rod that must still be part of the original vehicle is the body, i.e. the body must be all original steel. **"Kit Cars" do not qualify as street rod vehicles.**
