

MINORITY REPORT

I recommend that the Senate Ways and Means Committee add funding for enhancements requested by the Board of Cosmetology for FY 2016 and FY 2017. I believe we should fund the Board of Cosmetology's \$25,000 enhancement request for a document conversion project in FY 2016 and \$15,000 enhancement request for tablets in FY 2017. Likewise, I think we should fund the conversion of a part-time inspector position to full-time for FY 2016 and FY 2017; the subcommittee funded similar increase for other similar-sized fee agencies.

I note that these enhancements come at no cost to the State General Fund, so funding these enhancements will not impact the State's fiscal outlook for FY 2016 or FY 2017. Further, these enhancements will allow the agency to perform its statutory duty as assigned.
