

Senator Francisco amendment for University of Kansas:

FY 2016:

Add language allowing \$19.7 million in bonding authority for mechanical and electrical improvements. The University of Kansas is proposing to address numerous high-priority needs in existing facilities to replace outdated, inefficient or undersized mechanical and electrical equipment and systems in six different projects: 1) Strong Hall; 2) Bailey Hall; 3) Lindley Hall; 4) Summerfield Hall; the Art & Design Building; and a district chilled water plant.
