To: KAMU

Concerning: Letter of Support for the Jerry White Family Care Clinic

From: The Guidance Center, Jefferson County

Lance Lewis LMSW Clinic Administrator

This letter confirms The Guidance Center's support and intent to continue to provide mental health counseling to the Jerry White Family Care Clinic patients. We are pleased to continue in this endeavor and have been a part of this safety Clinic since it's genesis several years ago.

This letter is also a letter of strong support for the Jerry White Family Care Clinic, and it's funding sources that must be continued. This clinic acts as a safety net to many people who need primary health care and mental health services, though are uninsured.

Lance Lewis LMSW Clinic Administrator
