

STATE OF KANSAS

SENATE CHAMBER

MADAM PRESIDENT:

I move to amend **Senate Substitute for HB 2258**, on page 10, in line 42, after "(5)", by inserting:

"Any private entity or private organization that provides job placement or job training programs for the department for children and families, either under contract with the department or with job placement or job training programs which are otherwise utilized by the department to meet work program requirements of the department's policy or of state or federal law, shall maintain records of placement, compensation and employment status for the department's work program participants who have enrolled in such private entity or private organization's job placement or job training programs. Such records shall include, but not be limited to, the participant's name, the name of the business, organization or other entity with which the participant is placed, the start and end dates of employment, the job title and the salary or wage rate, shall be maintained for a period of two years by the private entity or private organization and shall be provided to the department for children and families at least quarterly. The department for children and families shall maintain such records and, except for personally identifying information, shall make such records available to the public upon request.

(6)";

And by redesignating subsections, paragraphs, subparagraphs and clauses accordingly

Senator \_\_\_\_\_
