

March 4, 2015

The Honorable John Barker, Chairperson  
House Committee on Judiciary  
Statehouse, Room 149-S  
Topeka, Kansas 66612

Dear Representative Barker:

**SUBJECT:** Fiscal Note for HB 2342 by House Committee on Judiciary

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2342 is respectfully submitted to your committee.

The Kansas Parentage Act currently allows a child or any person acting on behalf of such child to bring an action to determine the existence of a father and child relationship at any time until three years after the child reaches the age of majority. HB 2342 would add that the action could be brought whether or not a presumed father and child relationship exists.

The Office of Judicial Administration states that additional parentage actions could be brought under the provisions of HB 2342; however a fiscal effect is not expected.

Sincerely,

Shawn Sullivan,  
Director of the Budget
