

## **Multi-year Flex Accounts; SB 329**

**SB 329** requires any approval of an application to change the place of use of a base water right automatically results in a change to the place of use for a multi-year flex account (MYFA) term permit. Prior law allowed the Chief Engineer of the Division of Water Resources of the Kansas Department of Agriculture to modify a base water right upon application, but if the base water right holder was enrolled in a MYFA term permit, the Chief Engineer was required to dismiss the MYFA term permit and the base water right holder was required to reapply for the MYFA term permit.
