

Criminal Justice Information System; Electronically Stored Information; Hearsay Evidence Exception—Official Record or Absence of Record; SB 362

SB 362 amends law relating to the Kansas Criminal Justice Information System (KCJIS). The bill allows the Kansas Bureau of Investigation to enter into agreements with state agencies and municipalities to share and authenticate electronically stored information to the KCJIS central repository. The definition of “criminal justice information system” is amended to incorporate such electronically stored information, and a definition for “electronically stored information” is added.

The bill also includes KCJIS central repository records within the hearsay evidence exception for content of official records or absence of records.
