

SESSION OF 2016

SUPPLEMENTAL NOTE ON SENATE BILL NO. 390

As Amended by Senate Committee on Financial
Institutions and Insurance

Brief*

SB 390 would amend and make technical updates to provisions in the Kansas Banking Code [statutes are noted].

Among the amendments, the bill would address:

- **The naming of trust companies and trust service offices.** The bill would modify an application requirement relating to the name of a proposed trust company or a trust company seeking to change its name to specify the selected name must be either different (current law) or substantially dissimilar from that of any other trust company [KSA 2015 Supp. 9-801; KSA 2015 Supp. 9-814]. The bill also would modify an application requirement for a proposed trust service office to specify the selected name cannot be the same or substantially similar to the name of any other trust company or trust service office doing business in Kansas.

Further, upon a request of a trust company to relocate an existing trust service office less than one mile from the trust company's current location, the State Bank Commissioner (Commissioner) would be permitted to exempt the trust company from certain application requirements [KSA 2015 Supp. 9-2108].

*Supplemental notes are prepared by the Legislative Research Department and do not express legislative intent. The supplemental note and fiscal note for this bill may be accessed on the Internet at <http://www.kslegislature.org>

- **Certain procedures assigned to the State Banking Board.** The bill would eliminate a provision pertaining to the procedure the State Banking Board must follow in the event two or more applications for new charters are filed at the same time and these applicants intend to serve the same territory (generally, the same city). Additionally, the bill would eliminate a similar procedure associated with the event of a filing of a new charter application and an existing bank files an application to move to the same territory [KSA 2015 Supp. 9-801].
- **Calculation of capital.** The bill would clarify, in statutes addressing the adequacy of a bank's capital and the related calculation of appropriate limits, intangibles, such as goodwill, would not be included in the calculation of capital. Under current law [KSA 2015 Supp. 9-1104], the definition of "capital" provides that intangibles, such as goodwill, shall not be included in the definition of capital when determining lending limits [KSA 2015 Supp. 9-1101; KSA 2015 Supp. 9-1102].
- **Assets of a trust company.** The bill would add "trust company" to a statute regarding unlawful transactions, to require a bank or trust company to obtain the approval of the Commissioner prior to the sale, gifting, or purchase of an asset to or from persons and entities associated with the bank or trust company (e.g., any employee or to an employee's related interest, any director or to a director's related interest, its parent company, or a subsidiary of its parent company) [KSA 2015 Supp. 9-1112].
- **Retention of annual oaths.** The bill would delete a requirement that officers' and directors' oaths be filed with the Commissioner within 15 days of the election of the officer or director and would instead

require the copy of each oath be retained by the bank or trust company in its records after such election for review during the next examination by the Commissioner's staff [KSA 2015 Supp. 9-1114].

- **Change of control and merger transaction applications.** The bill would provide clarification regarding the person or applicant associated with an application for the change of control or a merger transaction and whether provisions in the statutes refer to a change of control or the merger transaction application. The bill also would list application requirements associated with the filing of a merger transaction application.

Further, the bill would permit, with the prior written approval of the Commissioner, a trust company to merge or consolidate with any trust company (termed by the bill as a "merger transaction"). The bill would further clarify a trust company would be permitted to merge or consolidate with a trust company chartered either by the Comptroller of the Currency or another state. The bill also would make technical amendments to merger transaction provisions which, under current law, refer only to bank applications, by inserting "or trust company." [KSA 2015 Supp. 9-1720; KSA 2015 Supp. 9-1721; KSA 2015 Supp. 9-1722].

Background

The Kansas Banking Code (Chapter 9, *Kansas Statutes Annotated*) was recodified by enactment of 2015 SB 240.

The bill was introduced by the Senate Committee on Financial Institutions and Insurance at the request of the Office of the State Bank Commissioner (OSBC), whose representative termed the bill a "clean-up bill" which incorporates suggestions made during the 2015 legislative

review of 2015 SB 240. The representative noted the majority of changes are not substantive and generally clarify pronoun usage and insert clarifying comments. The representative reviewed each of the language changes that might be considered substantive. No neutral or opponent testimony was presented at the hearing.

The Senate Committee on Financial Institutions and Insurance amended the bill to permit, subject to the approval of the Commissioner, the merger or consolidation of an out-of-state trust company with a Kansas (chartered) trust company. The amendment was requested by representatives of the Midwest Trust Company and the Benefit Trust Company. Information provided to the Senate Committee indicated Kansas law is silent regarding whether a merger of an out-of-state trust company into a Kansas (chartered) trust company is permissible. A clarification in the law would permit trust companies the opportunity, the representatives indicated, to grow the Kansas-based entity by gaining access to branch or trust representative offices in other states.

The fiscal note prepared by the Division of the Budget states the OSBC indicates the bill, as introduced, would have no fiscal effect on its operations or the operations of state banks and trust companies.
