Revenue indicates the bill, as introduced, would have no fiscal effect on agency operations. In addition, the bill would have no immediate fiscal effect for the Department for Aging and Disability Services, the Department of Corrections, the Kansas Bureau of Investigation, or the Department of Health and Environment, although the bill would delay the time upon which these agencies would begin receiving increased percentages of the fee revenue. The Judicial Branch would continue receiving its current percentage of the fees for an additional period.

Any fiscal effect associated with the bill is not reflected in *The FY 2016 Governor's Budget Report*.
