Fran:

I'm a real estate agent with Better Homes and Gardens Real Estate / Kansas City Homes and have been selling real estate with the same company now for 26 years.

As a veteran myself, it was always appreciated when I received something back no matter how small it was for service to my country, it made you feel appreciated that you were serving in an "Armed Forces" for

protecting our borders.

I want to see the "USAA Real Estate Rewards Network" continued in the state of Kansas as it means a lot to a veteran being deployed to a new location and moving their family whether married or not married.

I work with a lot of veterans and it definitely helps them out with things they can replace on this end during their move.

Thanks again and I certainly appreciate you taking this into consideration for keeping "The Rewards Program" active for veterans in the State of Kansas.

I apologize for not getting this to you earlier as have been on vacation and returned yesterday evening on Friday 02/09/2018.
