### TESTIMONY ON SB 348

March 15, 2018

Mr. Chairman and Members of the Committee:

Thank you for the opportunity to provide testimony in support of SB 348.

The Department recognizes that technology allows for electronic delivery of explanations of benefits, policies and summaries of benefits and that insurance companies doing business in Kansas will recognize savings that may be passed onto policyholders. The department does have consumer protection concerns for those over the age of sixty-five and would suggest that for policies, explanations of benefits and summaries of benefits issued to those individuals that electronic delivery remain as “opt in”.

Again, thank you for allowing us to submit this testimony.

Clark Shultz

Assistant Insurance Commissioner
