Dear House Committee on Local Government:

This is an urgent appeal that you vote NO to completely defeat House Bill No. 2506 because it violates the Commandments of God:

"you shall not steal!"

"You shall not covet your neighbor's HOUSE... nor anything else that belongs to your neighbor." See Exodus 20

This is a shameful and sinful scheme to grab the HOUSE and land of a neighbor by USING the legislature to make it legal. Our honorable state representatives must not temporize with such trickery!

Respectfully submitted,

William T. Davitt
