Written Testimony - SB 294

RE: Written Testimony on SB294

Good morning Mr. Chairman and members of the committee,

This written testimony is provided in support of SB 294 relating to written examination of vehicle salespersons upon original licensure. The Division of Vehicles has worked closely with Kansas Automobile Dealers Association during the drafting of this legislation and fully supports the proposed changes. It is of mutual benefit to the Division and those we license that the written examination be reduced down to original licensure only, with additional testing at the Director's discretion. It will simplify the process for our licensees, lending credibility and integrity to the examination process as a whole.

Thank you for your consideration.
