1. Why do we need a statute that only mandates negotiation?
2. What would the agreement entail? What is it you want the Troopers to do? ERO enforces the nation's immigration laws in a fair and effective manner. It identifies and apprehends removable aliens, detains these individuals when necessary and removes illegal aliens from the United States. The HSI directorate is responsible for investigating a wide range of domestic and international activities arising from the illegal movement of people and goods into, within and out of the United States. Do you want them to participate in either branch? Why?
3. Can we spare a Trooper? 2 Troopers? (Accepting applications for State Trooper. Class 58 begins training July 2018. Positions available statewide. [Click here for more information.](#))
4. Since ICE only maintains offices in Kansas City and Wichita where would the Trooper/s be located? How would that aid Western Kansas?
5. How would they help the State of Kansas?
6. If they were sued would Kansas be liable for a portion of the costs if damages were to be awarded?
