From: Matt Sterling, Assistant Revisor of Statutes

RE: Senate Bill 209

SB 209 would require that after July 1, 2018, specific charges be itemized on electric bills for any retail electric supplier in the state of Kansas. "Retail electric supplier" is defined as any person, firm, corporation, municipality, association or cooperative corporation engaged in the furnishing of retail electric service. The Kansas Corporation Commission would be required to adopt rules and regulations establishing the billing requirements by January 1, 2018.

The bill would also allow any Kansas retail electric customer to bring an action for a hearing before the KCC for enforcement of these requirements.
