4. Maximize intelligence and information sharing in accordance with all applicable federal and state laws; and
5. Ensure that appropriate security measures are in place for data collected or stored and personnel working at the sensitive compartmentalized information facility.

Attorney General, the Adjutant General, the Superintendent of the Kansas Highway Patrol, the Director of the Kansas Bureau of Investigation, and a member appointed by the Attorney General with expertise in critical infrastructure protection. The Attorney General would serve as Chairperson of the Board and the Adjutant General would serve as Vice-Chairperson.

The bill would create the position of Executive Director of the Kansas Intelligence Fusion Center, who would be appointed and serve at the pleasure of the Board. Also, the bill would establish the position of Deputy Director for Law Enforcement, who would be appointed by and serve at the pleasure of the Attorney General. Both the Executive Director and the Deputy Director for Law Enforcement would be in the unclassified service of the Kansas Civil Service Act. Other employees may be authorized by the Board to administer the provisions specified in the bill.

Under SB 184, the Kansas Intelligence Fusion Center, with the approval of the Board, may enter into agreements with participating agencies or organizations for their participation in the Center. With the approval of the Board, the Center may accept any gift, grant, payment, or contribution from any source, public or private, for maintenance or operation of the Center. All amounts received would be credited to the Kansas Intelligence Fusion Center Fund, which the bill establishes and would be administered by the Adjutant General.

The bill would require the Attorney General to provide legal counsel for the Center and assign an attorney to serve as privacy and civil liberties counsel to the Center, Executive Director, and the Board on all matters necessary to ensure compliance with all applicable federal and state privacy or civil liberties laws. The bill would take effect upon its publication in the *Kansas Register*.

The Adjutant General indicates the agency has already built the structure and associated costs into its current budgets; however, expenditures could grow in future fiscal years. According to the Kansas Bureau of Investigation, the Kansas Highway Patrol and the Attorney General, enactment of SB 184 would have no fiscal effect. Any fiscal effect associated with SB 184 is not reflected in *The FY 2018 Governor's Budget Report*.
