

SESSION OF 2017

SUPPLEMENTAL NOTE ON HOUSE BILL NO. 2079

As Amended by House Committee on Water
and Environment

Brief*

HB 2079, as amended, would add water district vehicles to the list of vehicles that can be permanently registered in the state. Current law provides for permanent registration of city, county, township, school district, community college, and technical college vehicles. Current law also states that vehicles used for utility purposes are to be registered for a five-year period.

Background

The bill was introduced by the House Committee on Water and Environment. At the House Committee hearing, a representative of the Kansas Rural Water Association provided testimony in favor of the bill. No other testimony was provided.

The House Committee amended the bill to clarify that if water districts use vehicles for utility purposes, the vehicles would be subject to the five-year licensing requirement in current law.

According to the fiscal note prepared by the Division of the Budget, the Kansas Department of Revenue estimates enactment of the bill would cause additional administrative expenses for the agency in the amount of \$3,675, all from the State General Fund. The agency indicated new decals would be required to identify water district vehicles. There are 250
