Re: HB 2601

Dear Representative Steve Huebert,

I want to voice my support for HB2601. As a Kansan I want our freedom to make medical decisions for my family to be left in my hands, not in the nonlegislative hands of the KDHE. Please do all you can to support the limiting of the KDHE's power in mandating requirements for my family's health and those of other Kansan.

Sincerely,  
Erin Miller  
Tonganoxie, KS
