

February 11, 2020

Lauren N. Bohi  
Olathe, Kansas

Dear distinguished members of the House Education committee:

Respectfully, I ask for a few minutes of your time. I am writing to you to express my views on HB2601. In short *I am in favor of HB-2601*.

I implore you to take back the power that was given to Kansas Department of Health and Environment (KDHE) with regards to the implementation of immunizations required to attend school in the state of Kansas.

Quick bio on myself—single female, no children, **AND YET** I feel strongly about the issue at hand. In the last 18 months I have taken time to more fully understand this topic and the situation is alarming. It is hard to not see this as attack on children.

Thank you for educating yourself on this topic and prayerfully taking on this fight for our children. I am very grateful for your willingness to take the risk to get this bill before our legislators.

Thank you for your time and consideration of this important health issue. I look forward to meeting you at the committee hearing on February 13, 2020.

Warm regards,

Lauren N. Bohi
