Dear Chairman Huebert and members of the Education Committee,

I am writing to express my support of HB 2601, which will limit the power of the KDHE to make vaccine decisions, and to encourage your support as well.

It is so important to our family that we have a representative voice on these health issues, and that we maintain freedom to make medical decisions for ourselves and our children. This must be upheld as a fundamental part of our right to life, liberty, and the pursuit of happiness.

In addition, I urge you to guard the exemptions we have in place, as they protect both our right to choose and the religious freedom so vital to our nation.

Sincerely,  
Chris Clements
