Testimony of the Kansas Association of Counties to the
House Committee on Elections
Neutral Testimony for HB 2092 • February 21, 2019

Mr. Chairman and Members of the Committee:

Thank you for the opportunity to testify regarding House Bill 2092, which would allow for Election Day voter registration. The Kansas Association of Counties would like to thank the committee for reviewing the issue of voter registration.

Currently 16 states (California, Colorado, Connecticut, Hawaii, Idaho, Illinois, Iowa, Maine, Minnesota, Montana, New Hampshire, Utah, Vermont, Washington, Wisconsin, and Wyoming) and the District of Columbia either allow Election Day voter registration or updates, or have passed laws that will allow it. The Kansas Association of Counties supports measures that would allow citizens of Kansas to exercise their right to vote.

As the committee reviews this legislation, the committee should also consider the cost of implementation, as well as the time needed to prepare for the next election, should Election Day registration be enacted. Our county election officials work very hard to conduct elections in a secure and organized manner. We must aid them by providing enough time to plan for any changes to election law.

Please thoroughly consider these factors as you evaluate HB 2092. Thank you for your time and consideration.

Respectfully,

A handwritten signature in black ink that reads "Jay Hall". The signature is written in a cursive, flowing style.

Jay Hall
