Members of the House Federal and State Affairs and Senate Judiciary Committees,

I strongly urge you to vote against the constitutional amendment that denies the right to reproductive freedom in the Kansas Constitution.

Without stated protections, we have seen legislative bodies across the country, and even right here in Kansas pass laws that run contrary to doctor recommendations, and even contrary to science.

I *do* value both women and their families, future and existing, and I believe that no legislature has the right to insert themselves in the family planning process.

Sincerely,

Shannon Skoglund
