Testimony of Connie Cragg in support of HCR 5019

To the House Federal and State Affairs Committee and
Senate Judiciary Committee

Written testimony only for meeting Tuesday, January 21, 2020

I am in favor of passage of House Bill 5019. The right to life is the most fundamental right of humanity. To amend the bill of rights to the Kansas Constitution should be decided by the people through their elected representatives, not through Judicial opinion. I support reserving "to the people of Kansas, through their elected state legislators, the right to pass laws to regulate abortion" because I agree "there is no Kansas constitutional right to abortion or to require the government funding of abortion."
