Written testimony OPPOSING HCR 5019

To: Kansas House Fed and State Committee

Connie.Bahner@house.ks.gov

Attn: Committee Assistant M. Connie Bahner and Chair Mr. John Barker

Dear Chairman Barker and members of the House Fed and State Committee,

I strongly oppose HCR 5019. Every Kansan, even female Kansans, should make healthcare decisions in consultation with a doctor, not the state. Please do not endanger the health of our citizens by restricting access to a safe medical procedure.

Please vote no on HCR 5019.

Sincerely,

Jeri Graham
