Written testimony presented to the
House Committee on Health and Human Services
House Bill 2155

Chairwoman Landwehr and members of the House Committee on Health and Human Services, Safe Kids Kansas is pleased to provide testimony in support of HB 2155. Safe Kids Kansas is a nonprofit coalition of over 70 statewide organizations and businesses dedicated to preventing unintentional injuries and injury-related death to Kansas children ages 0-19.

As injury prevention specialists and safety advocates, Safe Kids Kansas and our affiliates rely on accurate and comprehensive data from the State of Kansas to effectively focus our efforts how to prevent injury and injury-related death to Kansas children. We support HB 2155 and the establishment of a State Medical Examiner to assure that district and county coroners receive the support and ongoing education and training necessary to ensure the quality and consistency of the data they collect.

Thank you for the opportunity to provide this testimony. We believe all children deserve the chance to grow up. Only through understanding how these deaths occur can we predict and prevent them in the future. Should you have any questions on this subject matter or any children's safety issues at any time, please feel free to contact Teresa Taylor at 785-231-4363.
