

1-22-20 HB2431 JUDEN

I propose the bridge in Arkansas City be dedicated to SGT Tyler Juden, who dedicated his own personal safety to the defense of The United States. As a member of a small community his loss in defense of the nation was and is a devastating loss to his family the entire community. As a member of the community and a veteran I feel that the dedication of the bridge to SGT Juden is a small but fitting price for the memorialization of a dedicated Soldier of this country and a valuable member of this small community.

Clinton C. Fry,
SSG, USA ret.
