

February 26, 2020

The Honorable Richard Proehl, Chairperson
House Committee on Transportation
Statehouse, Room 581B-W
Topeka, Kansas 66612

Dear Representative Proehl:

SUBJECT: Fiscal Note for HB 2624 by House Committee on Transportation

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2624 is respectfully submitted to your committee.

HB 2624 would allow distinctive license plates to be personalized license plates. The bill would require any personalized distinctive license plates to be subject to a fee that is double the amount prescribed by KSA 8-132(c).

The Department of Revenue estimates HB 2624 would increase its expenditures by \$130,305 in FY 2021 including \$112,000 for testing, project management and updates to the Motor Vehicle Registration System and \$18,305 for other administrative and testing costs. The required programming for this bill by itself would be performed by existing staff of the Department of Revenue. However, if the combined effect of implementing this bill and other enacted legislation exceeds the Department's programming resources, or if the time for implementing the changes is too short, expenditures for outside contract programmer services beyond the Department's current budget may be required. Any fiscal effect associated with HB 2624 is not reflected in *The FY 2021 Governor's Budget Report*.

Sincerely,

Larry L. Campbell
Director of the Budget

cc: Lynn Robinson, Department of Revenue
