

SESSION OF 2020

SUPPLEMENTAL NOTE ON HOUSE BILL NO. 2595

As Amended by House Committee on General
Government Budget

Brief*

HB 2595 would amend law to remove the 30-day waiting period before offering the sale of surplus property to the general public. Under current law, the Secretary of Administration, through the Kansas Surplus Property Program, may sell state surplus property to the general public after the property has been offered to qualified individuals and entities for at least 30 days.

Background

The bill was introduced by the House Committee on General Government Budget at the request of Representative Arnberger.

During the House Committee hearing, a representative from the Department of Administration testified in favor of the bill, stating removal of the 30-day waiting period would facilitate disposal of surplus state property.

The House Committee amended the bill to consolidate the technical language of the bill.

According to the fiscal note prepared by the Division of the Budget on the bill, as introduced, enactment of the bill would have no fiscal effect.
