Congressman Tim Johnson and
cc: Kansas Veteran's Committee
Kansas State Capitol
300 SW Tenth Ave.
Topeka, Ks. 66612

Dear Congressman Johnson,

I would first like to thank you on behalf of Point Man Kansas for your interest in legislation that would be beneficial to the veterans of Kansas. I am a Vietnam veteran and have volunteered with Point Man International Ministries (www.pmim.org) for the past twenty-five years. It is a faith-based organization for vets by vets designed to provide support, resources, referrals and family assistance especially in the area of Post-Traumatic Stress Disorder (PTSD).

I retired from the state of Kansas in 2006 after serving as a court services officer for thirty-one years. I have a BS degree in criminal justice and corrections from Washburn University and a master's degree in management from Baker University.

On Veteran's Day of 2020, I released my memoir, *Nine Pairs of Boots in Vietnam: Steps to Healing Every Veteran Needs to Know* at the Gage Park Military Memorial. I have since given away \$4000.00 worth of books to veterans during the book launch and sold an additional 300 copies.

In Point Man, our motto is Saved to Serve and that is my goal moving forward. Let me know how I can be of assistance to you.

Stephen R. Williams
