Members of the House Federal and State Affairs Committee,

I come before you today to oppose HCR 5003.

There are many remarkable women in my life, and every single one of them has earned my utmost respect.

With this amendment, you would effectively be opening the door to new, much stricter regulations on women's bodies. This could not be more offensive to the women that we say we respect and love.

I fail to see, in a room with so many men, how any of you have the proper knowledge or understanding of what pregnancy is like or how it should be legislated.

This amendment is none other than a sexist power grab, and an attack on a woman's right to choose what she wants to do with her own body.

To tell other people how to live in such a way that it harms them or blocks them from their life, liberty, or pursuit of happiness is none other than blatant fascism. This amendment would block women from all three.

The conversation on abortion should have ended with *Roe V. Wade*. The correct decision was made. End this madness, and stop shoving your religion down Kansans' throats.

Thank you,

Jae Moyer
