

HB2644  
Sandhill Plum For Kansas State Fruit  
House Federal and State Affairs Committee  
Birkley Hernandez  
Proponent

Hello my name is Birkley Hernandez and I am from Valley Falls Elementary School. I am a proponent of HB2644, and here to convince you to make the Sandhill Plum the Kansas state fruit. Here are some reasons why you NEED to make the Sandhill Plum the Kansas state fruit.

Kids all across Kansas have researched and worked super hard for Kansas to have a state fruit. The Sandhill Plum is obviously the best Fruit for Kansas because it is popular and native and to Kansas. Sandhill plum jam is super delicious. The sandhill plum jelly is the most popular selling jelly at fair grounds, carnivals and just in general according to the owner of Sticky Spoons in Hutchinson, KS.

You are probably thinking, yah right, why would I do that, but the Sandhill Plum is amazing and deserves to be the Kansas state fruit. The fact that there are kids from all across Kansas here right now should already tell you that it is the best choice.

We have worked super hard for Kansas to have a state fruit. I hope you are convinced, because Kansas NEEDS a state fruit!
