

Written Testimony Only  
Proponent of HB 2498

February 17, 2022

Dear Madam Chair Landwehr and the House Committee on Health and Human Services

I am writing in strong support of HB 2498. We have learned in the last two years that children's health is at virtually zero risk from the Covid virus's so it would make no sense whatsoever to mandate this vaccine for them or add it to the childhood schedule. Our children have been through enough, please put this to rest.

I know this bill is not about masking but if you have any ability to help stop the mandatory masking of our kid's I would be eternally grateful.

Respectfully,

Delinda Cendrowski
