

(3) As used in this subsection:

(A) "Active duty" means full-time duty status in the active uniformed service of the United States, including members of a reserve component to include air and army national guard.

(B) "Armed forces" means a person who serves in the:

(i) Air force, army, coast guard, marine corps, navy, space force of the United States or a reserve unit of any such branch of the United States military; or

(ii) Kansas air or army national guard.

Representative Smith and Proctor-

I'm going to testify this afternoon in House Taxation Committee hearing. I'm going to add to my testimony that the word "Kansas" be deleted from (ii) in the text I've cited above.

The National Guard of the USA includes the Army Guard and Air Guard units in all 50 states, D.C., Guam, Puerto Rico, and the U.S. Virgin Islands.

Otherwise, we support the bill and dispute the accuracy of the fiscal note prepared by the budget director's office.

Very respectfully,

Mike Kelly
MOAA Kansas Council of Chapters Legislative Chair
