To the Chairman of the Committee on Federal and State Affairs,

As a Kansas native with strong and long-standing interest in the historical contributions of Kansas and my “hometown” of Leavenworth, I am in support of SB 179, recognizing February 15 as Susan B. Anthony Day in the State of Kansas.

Although Susan B. Anthony is a national heroine, her strong connection to Kansas is undeniable and on that all Kansans should be proud of. Now is the time to officially honor that connection and her contributions to Kansas in making the State a key player in the history of Women’s Suffrage.

As the pandemic, that has spanned 2 years and counting, side-tracked the passage of this Bill, I am hopeful that the time is now for acknowledging and celebrating Susan B. Anthony, a renowned Kansas figure. Such a designation is long overdue.

Thank you for your consideration.

Sincerely,

Marti Sachse Judson
