Proponent

SB 394

Written Testimony or virtual if allowed

Senate Federal and State Affairs Committee

Dear Mr. Chairman and Committee Members,

I am 100% a proponent for this bill and extend my gratitude for it being brought to the committee. I would love more than anything to see this bill pass as we do not need additional time for the receipt of ballots. I respect most of all that it leaves personal accountability to the voter to have mailed their ballot enough ahead of time to not miss the deadline allowed by statute. It is my personal belief that when the election polls close, all acceptance of ballots should additionally cease. I also urge all representatives to support this bill! I truly believe that the majority of Kansas citizens will stand by you in support as well.

Thank You,

Missy Leavitt
