I am opposed to SB389 which requires the use of specially watermarked paper for ballots. This legislation addresses a non-existent problem & causes more regulation & rules that are not necessary. I was at a meeting of election workers & officials in Miami County Jan.2021 when the Republican Secretary of State who is in charge of election procedures stated that the Election in Kansas in 2020 was secure & safe. He particularly commended our Republican County Clerk on her performance that ensured that all voters in Miami County had safe, fair & equal access to voting.

Vote NO for unnecessary regulation of ballots. Our goal should be for the common good of all Kansans, free & fair elections.
