RE: SB 560 – Senator Holland / Proponent / Oral Testimony

Chairman Olson and Committee Members:

Good morning! I am State Senator Tom Holland of the 3<sup>rd</sup> District, and I stand before you today in enthusiastic support of SB 560.

I believe SB 560 provides a measured, controlled and appropriate way for legal implementation of medical cannabis for Kansas citizens. The Kansas Legislature simply MUST implement this legislation to help alleviate the medical afflictions and suffering of our fellow Kansans.

Sincerely,
